WELLAND WINES

Welland is an enduring 'survivor' vineyard in a truly unique location that is enjoying a new lease on life.

In South Australia's Barossa Valley, in the township of Nuriootpa is where you'll find the Welland vineyard.

Planted in 1923 by one of the Barossa's founding families, Welland is the last remaining section of much larger plantings of vines and fruit orchards that once occupied the northern end of the township.

Over the years much of the original vineyard and orchard had been cleared, subdivided and built upon. But when the last remaining hectares of this historic old Nuriootpa vineyard were listed for sale as a development site, a group of friends banded together to purchase it and breathe life back into this important part of Barossa history.

FOUR FOX SAKÉ

To create the perfect drink, we started with the perfect ingredients. The purest water comes from snow. This led us to Tsunan, Niigata - an area that boasts a greater annual snowfall than Oslo or Moscow. *EXTRAORDINARY QUALITY*. The highest official designation for saké is Junmai Daiginjo. Junmai represents the ultimate in purity - only water, rice and koji are used. Daiginjo signifies that at least half of every grain of rice is milled away, painstakingly removing impurities. Standing apart from the rest. It is time for the world to discover what Japan has known for millennia. Saké is not a drink to only be enjoyed in restaurants. It is a drink to be celebrated everywhere, in a class of its own.

PULL UP A CHAIR, *pour a drink or two*

From the Gaelic Leim an Mhadaidh, the town of Limavady was named for a legendary leap across the River Roe by a great Irish wolfhound to warn his clan of enemy ambush.

Its namesake whiskey celebrates Limavady's next leap - the greatest in Irish whiskey - under the banner of the leaping dog.

A universally beloved icon of bravery, ardor and good will, Limavady's canine hero will elevate the Irish whiskey category to capture the hearts, minds and palates of a new generation of craft whiskey enthusiasts.

ARTISAN DISTILLERS OF METICULOUSLY
CRAFTED SPIRITS IN MARGARET RIVER

Hand-foraged botanicals from their seaside estate are infused in small batch gins to capture, in a bottle, the true essence of the region.

SouWester Spirits journey began in 2017 with an Ice Gin that was matured in an iced chardonnay barrel and won WA's Best Barrel Aged Gin in WA. Since then, their range has grown to include a single malt Ice Whisky, a Cabernet Gin, and a Finger Lime botanical Gin.

With the ocean a mere stone's throw from the distillery, they allow the SouWester sea breeze to roar through the barrel room, giving their spirits a unique taste of Margaret River in every sip.

But this is not just any alternative.

Every **Lyre's** spirit looks, tastes and sashays around the palate just like the original. And yet, the absence of giggle juice enables revellers to remain clear-headed, of good cheer and in fine fettle to pursue whatever tickles their fancy the following day. **Lyre's** – the finest range of non-alcoholic classic spirits the world has ever seen. Known for being one of the finest wine producers in the country, Johannes Leitz made it his life's work to bring the magic of Germany's vineyards to the rest of the world in 1985. The family estate's history is rich, dating all the way back to 1744 and marked by a restoration after the Second World War. Today, Weingut Josef Leitz operates the estate under Johannes' direction; they work to create optimal conditions and processes to serve and reflect the character of the ancient region's grapes.

The Rheingau region is a picturesque, twenty mile stretch marked by a change in the Rhein River on its journey from the Swiss Alps to the North Sea. With a stout commitment to harvesting the land as sustainably as possible, Johannes partners with the Ministry of Environment and focuses on working by hand where possible. From the terroir to the final taste, Leitz takes great care to bring the finest non-alcoholic wines to life.

NETT GERMANY

From one of the most modern wineries in the Palatinate wine growing region in the south west of Germany comes the 5th generation award winning Weingut Bergdolt-Reif & Nett. Under senior winemaker Christian Nett, the winery was awarded a Platinum medal and 97 points from the prestigious Decanter World Wine award in 2020.

Since 2011 their organically certified vineyards use horsepower almost exclusively to cultivate the soil. This allows the soil to breathe better, which results in a higher quality grape and improvement in the quality in the wine.
